

FLATS, BEDWIN STREET, SALISBURY, WILTSHIRE

Former Stationers: demolished

New Flats

The brief for this project was to design as many flats as possible on a tight site in central Salisbury. The existing building was a Stationer's Shop located in the conservation area of Bedwin Street.

Our and the clients' original approach was to design a contemporary building on the site, however the Planners had other intentions and we finally ended up with a front elevation that more closely mimicked the building's surroundings. The end result was 6 flats on the site with the top floor consisting of 2 storey penthouse style flats

Our role was completed once Building Regulations Approval was obtained.

Completed: 2005

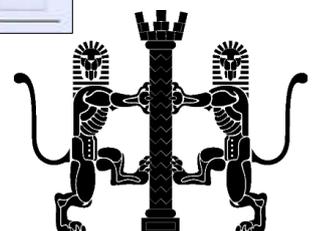

Contract Value: £400,000 approx.

Contractor: Marus Estates

Scheme as built
