

SPORTS HALL, COLYTON GRAMMAR SCHOOL, COLYTON, DEVON

in conjunction with David Highet Architects

The design and running of this project was in conjunction with David Highet Architects in Axminster. P.S Architecture provided the design and detail drawings and the contract administration was provided by D.H Architects.

It involved the design of a Sports Hall complex at Colyton Grammar School. As the facility is used by the school and the local community it was a jointly funded project between the Local Authority and the School.
